Allowable Subject Matter

1. Claims 1-26 are allowed.
2. The following is an examiner's statement of reasons for allowance: As argued by applicant in the response filed 9/6/2005, the resins of the references relied upon and cited as being of interest by the examiner failed to teach or suggest the "M" units wherein D is a cyanine anion. The reference do tech monomers having onion groups, however, when the examiner reconsidered the reference, noted that the anions discussed do not include cyanine dye groups are instantly claimed. The examiner has updated the search, but no new relevant references were found. Therefore the instant claims are now allowable over the prior art or record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Amanda C. Walke whose telephone number is 571-272-1337. The examiner can normally be reached on M-R 5:30-4.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cynthia Kelly can be reached on 571-272-1526. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
